## Experience

**Skill Quotient Group**  
Sr. UI/UX Designer

Feb 2025 - Present

📍 Bengaluru

At SkillQuotient, I lead UX design for web and mobile products including cybersecurity platforms, billing systems, and enterprise applications. I create user flows, wireframes, high-fidelity UI, and interactive prototypes, and collaborate with cross-functional teams to align user needs with business goals. I maintain scalable design systems, ensure accessibility, and use AI-powered design tools to speed up ideation, prototyping, and iterations-delivering consistent and high-quality user experiences.

**Dalocal Technologies**  
Design Head - User Experience Designer

Feb 2024 - Oct 2024

📍 Bengaluru

At Dalocal, I lead the UX/UI design of secure QR code - based digital identity solutions across web and mobile platforms. My work includes user research support, user flows, wireframes, high-fidelity UI, and design system alignment to deliver smooth onboarding and verification experiences. I ensure designs follow modern UX patterns while meeting product requirements for security, privacy, and reliable real-world usage.

**Freelance Designer | Design Consultant**  
UI / Visual Designs

Oct 2023 - Jan 2024

📍 Bengaluru

**NimbleWork Inc (Digite Infotech)**  
Sr. User Experience Designer

Apr 2015 - Aug 2023

📍 Bengaluru

Designed scalable web and mobile experiences for B2B SaaS Agile and Kanban platforms at NimbleWork, creating wireframes, high-fidelity visual designs, and reusable UI components to enhance usability and maintain consistent branding. Also contributed to an IoT-based agriculture platform device app, improving UX workflows, simplifying user journeys, and refining interaction patterns for better usability. Additionally supported branding initiatives, including marketing graphics and print collateral, ensuring visual consistency across digital and offline assets.

**Echidna Softwares**  
Interaction Designer

Feb 2014 - Jan 2015

📍 Bengaluru

I design e-commerce platforms for web and mobile, focusing on seamless user experiences. I combine research-driven insights with thoughtful color schemes and intuitive functionality to enhance the shopping experience.
